WORK EXPERIENCE

Software Development Engineer @ [Devslane](#)

September, 2020 – Present

My current role requires writing reusable and clean code to develop and design a good user interface and experience. Responsibilities range from complete ownership of features, design, implementation and operations of these features and components.

Software Development Intern @ [Devslane](#)

January, 2020 – September, 2020

PERSONAL PROJECTS

CodeShelf (IN Progress) - CodeShelf is a social development environment for front-end designers and developers. Build and deploy a website, show off and share your work with friends and colleagues.

Technovation Club Website (2017 - 2019)

Technovation is an esteemed technical club of my college, and it gave me the opportunity to create my first live website. I was solely responsible for creating and managing the site, I learned a lot regarding responsive design while working on this project.

SKILLS

Technologies / Tools I am working with:

Technologies / Tools I am familiar with:

Technologies / Tools I have played around with:

NODEJS, DJANGO, FLASK

OPEN SOURCE CONTRIBUTIONS

@types/codemirror [\[Link\]](#)

Fixed incorrect type definitions added new ones for some specs.

Commit Link:

<https://github.com/DefinitelyTyped/DefinitelyTyped/commit/67d15455701e12d8383cddb77cbd8c61d45f767>

rc-picker [\[Link\]](#)

Bug fix added for a reported issue on ANT Design.

Ant design uses rc-picker for Ant Date Picker.

Commit Link :
